# FREQUENTLY ASKED QUESTIONS

**Question:** Why a cart?

**Answer:** Carts are safer, cleaner, have attached covers, have greater stability, are more impervious to animals and insects and provide for a cleaner and more attractive looking neighborhood.

**Question:** What do I do with my old garbage cans and recycling bins?

**Answer:** Old cans and bins may be placed inside your refuse cart for disposal. If for any reason your old can does not fit inside the cart, simply place a note on the can requesting that it be discarded and the driver will throw it away. (Residents will no longer be required to purchase their own garbage cans.)

**Question:** When can I begin using my new cart?

**Answer:** Immediately.

**Question:** Do I need to place my recycling cart out for pickup every week?

**Answer:** No, because your recyclables are a clean commodity and don't represent a health hazard or odor problem, you may place your recycling cart out for collection as often or infrequently as you like.

**Question:** Does all of the refuse and recycling material I set out for collection have to be contained in either my refuse cart or recycling cart?

**Answer:** Preferably yes, the goal of the program is to have all material (both refuse and recyclables) containerized. Therefore, the carts must be fully utilized before any excess material is placed alongside for pickup. The only exception is bulk items that are too big to fit in the cart (furniture, mattresses, old bikes, etc.).

**Question:** What if I have extra material for some reason?

**Answer:** If you fully utilize your recycling cart and properly recycle, your refuse cart should easily accommodate all of your refuse needs. Other ways to increase the amount of useable space in your cart would be to compact the material and puncture any plastic bags before placing them in the cart, thereby eliminating wasted air space. On the occasion when you find yourself with excess material, simply place it alongside the refuse cart. If you find yourself continually struggling with excess material, you may request an additional cart (for a small fee) by simply calling Republic Services at (847) 981-0091.

**REMEMBER:** Carts are available in three sizes: 95g, 65g and 35g, so make sure you have the largest size before renting a second cart.

**Question:** Will there be any changes to the yard waste program?

**Answer:** No, you may still use biodegradable paper bags, or individual cans clearly labeled "Yard Waste Only". Please remember that all yard waste bags and cans must be less than 32 gallons in size, 50 pounds in weight and must have a yard waste sticker affixed.

**Question:** Who do I call if I have questions or my cart is not picked up?

**Answer:** Call Republic Services at (847) 981-0091. Our customer service department is staffed with live operators between the hours of 7:00 am - 5:00 pm Monday through Friday and 8:00 am - 12:00 noon on Saturday.

**Question:** Can I put my address on my cart?

**Answer:** No, but each cart will have its own individual serial number imprinted on the side that can be recorded so that you know which cart is yours. Excessive labeling of the carts tends to give the neighborhood a careless look and gives the appearance of graffiti.

**Question:** What if my cart is severely damaged, lost or stolen?

**Answer:** Simply call Republic Services and we will replace it at no extra charge.

## **Village Ordinance Requires Screening of Refuse and Recycling Carts**

The Village Board recently amended its municipal code regarding the storage of refuse and recycling carts when not placed out for pickup on garbage collection days.

Refuse and recycling carts must be stored out of view from the street, which may include storage within a garage or shed, or in the back yard. Carts that are stored on the side of a house must be fully screening by shrubbery or a fence. Residents may elect to request a smaller cart from Republic to help accommodate inside storage.

Refuse and recycling carts may be placed out after 6:00 p.m. the day before scheduled pickup, and must be removed before midnight of the day on which collections occur.
